Riviera

English School

At Riviera English School, we have combined high-quality English classes with an excellent activity programme. Our experienced teachers give a good balance of serious language teaching and more relaxed class activities. This means that anyone attending a course is sure to have a wonderful time, whilst progressing rapidly with their language skills, not to mention making lots of friends from all over the world. During the last year we had over 30 different nationalities at the school. Many come back year after year.

We understand that it is a worrying time for parents when their children are abroad, so we make sure that they are in friendly and experienced host families, who will make the student feel at home and part of the family. Georgia, our accommodation officer, personally visits all of the families and chooses only the best. Local Authority checks are done on all families we use to ensure safety.
